

I am writing to support my xm radio...I am a hard working truck driver and I feel the (nab) is foulish and scard to lose a lil peace of the pie till now nobody could touch .To deni XM the right and respondibily to provide weather and traffic is no closer to what sadam him self would had done.I dont have to tell you this country is built on diversity and hard work .Just like people from (ABC NBC CBS NOW ! xm RADIO) BE TRULY AMERICAN AND DO THE RIGHT THING . Let XM radio continue to bring life saveing infromation and knoweledge to its subscribers save the weather and traffic.....god bless the USA
